Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 13-22 in part, drawn to a compound wherein one of Z1-Z3 is N, the others and Z4, Z5 are CH, i.e. a naphthyridine compound, the composition and method of use.

Group II, claim(s) 13-22 in part, drawn to a compound wherein Z5 is N, Z1-Z4 are CH, i.e. a quinoxaline compound, the composition and method of use thereof.

Group III, claim(s) 13-22 in part, drawn to a compound wherein Z4 is N, Z1-Z4 are CH, i.e. a phthalazine compound, the composition and method of use thereof.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: the naphthyridine compound of Group I, the quinoxaline compound of Group II, and the phthalazine compound of Group III would not have been of sufficient structural similarity to allow for the Markush grouping exhibiting utility, absent some teaching of equivalence in the prior art.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention and a species within the elected invention to be examined even though the requirement be traversed (37 CFR 1.143).

Art Unit: 1625

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
